

I wish to make known to the FCC that I want the Indiana "Do Not Call" list left alone. I am a customer of some of the financial institutions listed but do not want their solicitations over the phone. If I need or seek information from them, I will initiate the call myself and do not want to be bothered by any of the banks, or companies involved in this petition. Do not weaken Indiana's law regarding their "Do Not Call" list. Please remove this petition and respect the rights of their citizens.

Thanks,
Bruce Robbins
